Purpose of the Management Integration

Currently, in the Machinery & Tools Business, which is our main business, Maruka and G-NET are at the core of the business, and the business management headquarters within the holding company is responsible for the entire business to pursued synergy effects by promoting cross-selling and expanding procurement opportunities across the entire Group.

However, in an increasingly challenging business environment driven by intensifying global competition and accelerating technological innovation, the Company has decided that in order to accurately grasp the increasingly sophisticated and diverse needs of our customers and provide them with even more optimal value, it is important to go beyond individual collaboration and become one company to enhance our overall capability.

By combining the strengths of both companies, the Management Integration will enable us to provide customers with even more high-added, innovative solutions, further enhance the competitiveness of the Machinery & Tools Business, and achieve sustainable growth.
